Davis-Standard to Host Basic Extrusion Seminar *October 15 - 16, 2008*

(Pawcatuck, Conn.)--Davis-Standard, LLC will host a workshop on “The Basics of Plastics Extrusion” on October 15 and 16, 2008 at its headquarters in Pawcatuck, Connecticut. The two-day class will cover the fundamentals of plastics extrusion, as well as the composition and properties of various polymers and the mechanics of essential downstream processes. Topics include extruder components, temperature control, maintenance and screw design.

In addition to instruction, course participants will tour Davis-Standard’s laboratory and manufacturing facilities and will have access to polymer process engineers and technical specialists. The fee is \$750 per person with a 10 percent discount given for groups of three or more. Course books and materials are included, and class size is limited to promote student/teacher interaction.

For enrollment or more information about Davis-Standard’s seminars and on-site extrusion training, contact Wendy Smith at (860) 599-6119 or at wsmith@davis-standard.com. To register online, visit www.davis-standard.com.
